IT EXPERIENCE

Devops Intern

Dreamshake SRL 02/2024 - 06/2024

- Work on an upskilling project with the goal of serving a 3-tier web application in local VM and cloud hosted VM in a Linux environment.
- Build dockerfiles and deploy a multi-container solution using docker compose as a first step towards IaC.
- Develop hands-on experience with Public Clouds (AWS, GCP and Azure).
- Automate installation and deployment of web application using Ansible in AWS in order to automate all aspects of the deployment.
- Work with Github Actions and build a CI/CD workflow to fully embrace IaC.
- Use Jira for project management (planning and tracking using Kanban).

Frontend Developer Intern

Accenture BeLux 07/2021 - 10/2021

- Collaborate with backend developers to align new functionalities
- Gain experience and understanding of VueJS, Vuex (Lifecycle hooks), Async/Await, and different technologies by refactoring components and building reusable code.

Junior Web Developer Intern

BeCode 01/2021 - 08/2021

- Learn by doing and collaborate with fellow interns on different projects

PROJECTS

Ka[mains]yan | Solo Project

- Develop a fictional restaurant to showcase a responsive design and added a backend feature to make it dynamic.

Environment | HTML, CSS, Bootstrap, PHP, SQL

GitHub | <https://github.com/frances-joffany-navarro/restaurant-css-framework>

Website | kamainsyan.work.gd

Getflix | Group Project

- Develop a dynamic streaming site that displays catalog movies
- Add up an integrated newsletter with MailChimp and management of lost password features.
- Manage the team and contribute in backend

Environment | HTML, CSS, Bootstrap, JavaScript, PHP, SQL, API

GitHub | <https://github.com/frances-joffany-navarro/getflixProject>

EDUCATION | CERTIFICATION

AWS Cloud Practitioner Certification

Amazon Web Services Validates until 25 November 2027

Earners of this certification have a fundamental understanding of IT services and their uses in the AWS Cloud. They demonstrated cloud fluency and foundational AWS knowledge.

Bachelor of Science in Information Technology

Saint Louis University, Philippines

2013 - 2016

Thesis | NRAEYE: Student Monitoring System using RFID

Equivalence of Diploma | NARIC - Vlaanderen (10 December 2019)
